

Intelligent Pigging & Fitness-for-Service for Nonpiggable Pipelines

Intelligent Pigging & Remaining Life Assessment for Fired Heater Coils

Register Today!

Quest Integrity Group invites you and your colleagues to attend two FREE half-day, back-to-back technical seminars. Due to current travel and time constraints, we will bring the technology directly to you.

Seminar Schedule

MIRO Karlsruhe Germany 8 October, 2009

BP Gelsenkirchen Germany 9 October, 2009

BP Castellon Spain 15 October, 2009

Madrid, Spain 16 October, 2009

ENI Italy 19 October, 2009

About Quest Integrity Group

Quest Integrity Group provides highly accurate, technologically advanced inspection and assessment solutions that help companies in the process, pipeline, and power industries improve operational planning, increase profitability, and reduce operational and safety risks.

Who Should Attend

- Plant Inspectors
Mechanical & Reliability Engineers
Safety Engineers & Risk Managers
Asset Integrity Managers
Metallurgists
Engineering Management
Operations Management
Turnaround Planning Managers
Purchasing Managers

About the Seminar

This seminar will introduce advancements relating to state-of-the-art intelligent pigging technology, and will discuss proven success in addressing inspection challenges for both pipelines and serpentine coils in fired heaters.

In addition to inspection of these assets, the technical discussions will encompass Quest Integrity Group's unique engineering assessment capabilities, which provide rapid Fitness-for-Service and Remaining Life Assessment evaluations, utilizing 100% of the inspection data. These inspection and assessment applications allow cost-effective, mechanical integrity management decisions to be made.

I will attend the following seminar(s):

Nonpiggable Pipelines Fired Heater Coils

At the following location:

- MIRO - Karlsruhe, Germany - 8 October
- BP - Gelsenkirchen, Germany - 9 October
- BP - Castellon, Spain - 15 October
- Madrid, Spain - 16 October
- ENI - Italy - 19 October

- I will attend lunch.

Seminar Changes: Seminar content is subject to change without notice.

Cancellation Policy: In the event you are unable to attend, your registration is transferrable to a colleague.

Five Easy Ways

- Register **online** at www.QuestReliability.com, click on "Training" then "Upcoming Seminars"
- **Email** marketing@QuestIntegrity.com
- Complete and **mail** this page to:
Quest Seminars
16920 Texas Avenue #C-14
Webster, TX 77598 USA
- Complete and **fax** this page to:
+1 281-557-0019
- **Call** +1 281-557-2255, ext. 102 or 103

Cost: FREE

Registration Deadline:
One week prior to seminar
